Malcolm Public Schools Faculty Handbook

FOREWORD

Section 1 Intent of Handbook

Welcome to the Malcolm Public School District. This handbook is intended to be used by teachers and other certificated staff to provide general information about Malcolm School District and to serve as a guide to policies, rules, and regulations, benefits of employment, and performance expectations.

References in this handbook to “teachers” are intended to apply to all certificated staff. This includes administrative staff to the extent the handbook deals with professional expectations and conduct.

Each teacher is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment contract, the negotiated agreement between the Malcolm Public School District and the Malcolm Education Association, and the policies and regulations of the Malcolm Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law, the negotiated agreement, and Board policies and regulations will control.

This handbook does not create a “contract” of employment. Staff positions and assignments which do not legally require a certificate or are otherwise not protected by the teacher tenure laws may be ended or changed on an “at will” basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This 17th edition will be in effect beginning August 1, 2017 and subsequent school years unless replaced by a later edition.

Section 3 Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close Malcolm Public Schools in case of severe weather. The Superintendent or representatives of the Superintendent will notify local news media when inclement weather warrants such action. Radio and television stations broadcast the information regularly. The unpredictability of the weather means that there is always the possibility of closing school early, or changing from a late start – to no school. Please try one of the following stations – 1240 AM KFOR/KFRX, 1400 AM KLIN, 96.9 FM KZKX, and TV Channels 7,8, and 10/11. You may always call 796-2151 and then press 9 to get current school closing information.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 5:30 a.m. if possible). In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, kindergarten, student activities). Some staff may be designated as being required to come to school even in the event of a school closing.

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given. If school is closed during the day staff will be notified and parents will be notified via media broadcast. Teachers and designated staff will be responsible for remaining with students until all students have safely left school or the administration has made arrangements for remaining students.

Emergency Conditions. Malcolm Public School has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response. **School officials are not permitted to release students from the school building during a tornado warning.** In the event of an emergency exit alert or tornado warning, you should implement the school's established safety procedures.

Article 2 – EMPLOYMENT, COMPENSATION AND BENEFITS

Section 1 Employment

Employment occurs when the employee signs the Employee's Contract and the Board of Education approves such contract of employment. Classified employees may be asked in the spring whether they wish to continue in employment during the following school year. This is done for staff planning purposes and does not constitute an offer of employment. Should an employee wish to resign from employment the employee should give two weeks' written notice of resignation to the Superintendent. The request to resign will be acted upon by the Board of Education.

Classified employees are "at-will" employees, and may be terminated at any time by the school district, through the Superintendent. Notice of termination may be delivered by the administration or Board of Education. The termination of employment will be acted upon by the Board of Education at a regular or special meeting.

Section 2 Assignments

The duties to be performed by an employee with the District shall be subject to assignment by the Superintendent. Job descriptions, where available, provide additional information about the position duties. An employee will be expected to devote full time during days of school to the employee's position and to diligently and faithfully perform the assigned duties to the best of the employee's ability.

Section 3 Personnel File

The District will follow the requirements of state and federal law and regulation with regard to employee personnel files. Employees are to notify the Principal's office of any changes in contact information (address/telephone). For a name change, provide your new social security card. Employees may contact the Principal to request a review of their personnel file.

Section 4 Grievances and Complaints

Employment related grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy 4003b and/or 4240. Any classified employee who has a work-related grievance shall first discuss the nature of the

grievance with an administrative supervisor. If not satisfied with the administrative supervisor's resolution of the problem, the employee shall within 10 working days of having received the administrative supervisor's decision, send a written description of the grievance to the Superintendent. Upon receiving the written grievance, the Superintendent shall, within 10 working days, meet with the employee and attempt to resolve the grievance. If not satisfied with the Superintendent's decision, the employee shall, within 10 working days, request in writing to the Superintendent, a desire to appeal to the Board of Education. The Board of Education shall schedule a meeting, within 15 working days, to listen to the grievance. Said meeting will be held in closed session and may be attended by the Superintendent, administrative supervisor, the employee and at the employee's discretion, an advocate for the employee. The Board of Education will render a decision at the close of the meeting, and said decision will terminate the grievance procedure.

Section 5 Compensation, Workday, and Time Cards

Compensation. Compensation is paid only as authorized by the Board of Education.

Workday. The normal workday will be 8 ½ hours unless otherwise assigned. Within the 8 ½ hours, one-half hour is allowed unpaid lunch and other break times, not to exceed two 15 minute periods, will be arranged with the immediate supervisor.

Time Cards. All classified employees shall turn in time cards on a monthly basis. The employee is responsible for the accuracy of information on the time cards and the central office will verify and compute such data into the monthly payroll. Employees must be specific with clock-in and clock-out times on their time cards. All classified time cards are figured or computed to the nearest 5 minutes.

Salary Payments. Salary is payable on a once per month basis for those months when services are performed. Employees will be paid on the 15th of the month, or the last preceding school day, if the 15th falls on a vacation or weekend. In emergency cases exceptions may be made, subject to the approval of the Board. In no case shall the Board advance more than one month's salary. Upon separation of an employee's employment, or upon fulfillment of the contract, the employee may, at the option of the Board, be paid all wages due in one lump sum. Reimbursements for mileage or other expenses will be considered separate from compensation.

Section 6 Benefits

Classified employees are provided the following benefits:

PAID VACATION – All full-time, annual (12 month) classified employees qualify for paid vacations each school year. The classified employee year shall run from September 1 to August 31. Classified employees receive paid vacation based on years of service. Please refer to Board Policy 4220 for vacation time available. Vacation days must be used within a year after their accrual and scheduled with the approval of the employee's supervisor.

PAID HOLIDAYS - Twelve month employees will receive seven paid holidays: Labor Day, Thanksgiving, Christmas, New Years, Good Friday, Memorial Day and July 4th.

NON-PAID LEAVE - At the Superintendent's discretion, limited non-paid leave will be available to classified staff for emergencies and other family-related events.

SICK LEAVE - Classified employees will receive five sick days annually, accumulative to 15 days. One sick leave day may be used annually to attend to personal business. Sick leave may be used for personal illness or illness in the immediate family or the illness of an individual who assumes the role of an immediate family member.

PERSONAL LEAVE – Each year, all classified staff shall be provided one (1) day of paid personal leave. Personal leave can't be used in conjunction with a school vacation or holiday. Personal leave should be used to take care of personal business that can't be taken care of except during the workday or workweek. Personal leave may be used in conjunction with sick leave only in emergency situations with administrative approval. Personal leave requests must be presented to your evaluation supervisor/administrator in writing, one week in advance, and is contingent upon their approval. Personal leave does not accumulate.

BEREAVEMENT LEAVE – (1). A total of one (1) day in any one school year will be allowed with pay for any non-immediate family bereavement. (2). A total of four (4) days in any one school year will be allowed with pay for bereavement for any immediate family member including in-laws, children, spouse, children of, brother, sister, mother, father and grandparents. (3). Bereavement leave may be extended in both cases noted above as 1 and 2 with deductions of sick leave allowed, at the discretion of the administration.

INSURANCE – The district does not provide health and dental insurance to 9-month classified staff. In accord with state and federal statute, all classified staff are insured against work related injury and consequent disability by worker compensation insurance.

Full-time classified employees will be given \$1300 as cash-in-lieu to use for insurance or whatever they choose.

RETIREMENT – Classified employees who qualify, according to the number of hours worked in a week, must belong to the State Employees Retirement System.

SECTION 125 - Classified employees shall make annual benefit elections into the School Districts Section 125 Plan by September 1 of each school year. Should an employee fail to make such election, the employee election from the immediately preceding school and contract year shall be continued. Each employee is responsible for informing the Business Manager in writing of any changes in benefit status.

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available, and have exhausted COBRA or other

continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 7 Payroll and Payroll Deductions

Wages/salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement, if any. Payroll deductions shall be made in accordance with law and the negotiated agreement, if any.

Section 8 Expense Reimbursement

Reimbursement for authorized mileage will be paid to employees required to drive their own vehicles during their regular scheduled working hours between two or more work sites. Claims for reimbursement should be submitted to the employee's immediate supervisor. The allowable rate shall be governed by Board policy, unless otherwise required by law. The District is not liable for physical damage to employee vehicles.

The District provides necessary materials and supplies, but if an employee needs additional materials for performance of duties, the request should be made to the employee's immediate supervisor. Employees who purchase materials or supplies without advance approval may not be reimbursed.

Reimbursement for meals or other expenses related to District-required travel must be submitted to and approved by either the Principal or, if the expense relates to an activity, by the Athletic Director. The request for reimbursement should include a voucher sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school-purpose.

Section 9 Overtime

Before a worker accumulates overtime consistently, either the Superintendent or designated supervisor must first approve the need for overtime. This approval must take place before the accumulation of overtime occurs. Overtime is paid to classified employees in accordance with the Fair Labor Standards Act (FLSA). A publication provided by the federal government, which provides more information about the FLSA, is attached as Appendix "A" to this handbook.

Classified employees may be classified as either "exempt" or "non-exempt" for overtime purposes. Employees who are classified as exempt employees are not eligible for overtime, while those who are "non-exempt" are eligible for overtime. Non-exempt employees will be expected to accurately report hours worked. Falsification of time cards is a serious offense. Non-exempt employees must receive prior approval from their supervisor to work additional hours beyond their regular work schedule. Non-exempt employees will be paid for each hour worked in excess of 40 hours in a workweek and are expected to accurately and timely report overtime hours to their supervisor. The regular workweek for overtime purposes is from 12:00 a.m. on Monday through 11:59 p.m. on Sunday. The administration may establish a different 7-day period workweek from time to time for specified employees or employee groups.

Overtime pay for non-exempt employees will be paid at the rate of not less than 1½ times the employee's regular rate of pay for hours worked in excess of the 40 hour workweek. Employees with two or more non-exempt positions may be eligible for overtime pay based upon the total number of hours worked in one workweek. If applicable, the employee and the Superintendent will agree upon the overtime rate, in compliance with FLSA regulations.

A non-exempt employee may request compensatory time in lieu of overtime pay, with approval of the employer, with the rate figured as 1½ times the number of hours worked in excess of 40 hours in any work week. Compensatory time may be accumulated up to 40 hours upon approval by their supervisor. The Superintendent must approve any accumulation of compensatory time over 40 hours. The FLSA limits the accumulation of compensatory time to 240 hours.

The District's policy is to not permit improper deductions from the salary of exempt employees who are required to meet a "salaried basis" test for the overtime exemption to be applicable. An employee who feels an improper deduction affecting exemption status has occurred may submit a complaint to the Superintendent or the Superintendent's designee, who shall promptly investigate the complaint. Reimbursement shall be made and a good faith commitment to comply in the future will be given in the event it is determined that an improper deduction affecting overtime exemption has been made.

The District's policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated employees, including exempt employees who are required to meet a "salaried basis" test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance. Deductions of pay of a partial day or of a full day or more may be made for FMLA leaves and in the first and last weeks of employment. In addition, based on principles of public accountancy, deductions from pay of a partial day or of a full day or more will be made for absences for illness, injury or personal reasons when accrued leave is not used or not available, and for absences due to any budget-required furlough.

Section 10 Termination Procedure

Any Classified employee who is discharged from a position or whose position is eliminated will receive two weeks (10 working days) notice of said decision from the Superintendent, unless the termination is due to the employee violating the law. The notice will be conveyed verbally and in writing, with the written notice containing the reasons for the decision. The employee may request a meeting with the Superintendent to review the administrative decision.

If the employee is requested to vacate the position immediately, the Superintendent has the option of whether to provide two weeks of pay, depending on the circumstances of the dismissal and demeanor of the employee. Employees who leave a position at their discretion after receiving a termination notice, or without a two-week notice, will receive pay for time worked.

Article 3 – ABSENCES FROM WORK

Section 1 Paid Leave – Sick, Bereavement, and Personal Leaves

Classified employees are provided with paid sick and bereavement leaves in accordance with the employee's individual contract or negotiated agreement, if any. During such paid leaves, classified employees shall continue to receive all wages/salary and fringe benefits called for by the individual contract or negotiated agreement, if any.

The leaves provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

Requests for Leave

Advance requests for the need to take a leave are important. A classified employee who becomes ill and is unable to work is to contact their supervisor as soon as possible if they are unable to report for work. For illnesses or medical situations where the need for leave can be determined in advance, the classified employee is to make such advance requests for leave as soon as possible.

For all other leaves, a Request for Leave form is to be submitted to the Business Manager at least five school days prior to the leave, or such other advance notice as is practicable under the circumstances.

Return from Leave

Upon return from leave, classified employees are to review information supplied by the substitute-classified employee as to progress made in the classified employee's area of responsibility. The substitute should be contacted directly if the written information supplied is not adequate.

A classified employee who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, must present a written statement to the Business Manager from the classified employee's physician or health care provider stating that the classified employee is physically able to return to duty. This statement is to be presented in person before the classified employee returns to duty in order that the present stage of convalescence can be observed and discussed.

Section 2 Payroll Deductions for Absences in Excess of Paid Leave

Should an employee be absent from work in excess of the employee's accumulated sick leave or other paid leaves, the employee's salary and any fringe benefits provided shall be reduced by the day or days or work missed. In the case of hourly employees the reduction will be made on an hourly basis. In the case of salaried employees the reduction will be made on a per diem basis calculated using the number of days missed as the numerator, and the number of total contract days for the school year as the denominator.

Section 3 Leaves of Absence

A classified employee may apply to the Board of Education through the Superintendent for a leave of absence from the classified employee's duties. The Board of Education will consider such requests on a case-by-case basis. No leave of absence shall extend beyond one school year. All leaves of absence shall be without pay except for the payment of health insurance benefits, (if that is a benefit provided by the district), as may be required under applicable state or federal laws.

Section 4 Jury Duty

An employee who is summoned for jury service shall promptly notify the employee's immediate supervisor of such summons. The employee's salary will continue during time spent in jury service, and no deduction of leave time shall occur, except that the District may reduce the pay by an amount equal to any compensation, other than expenses, paid by the court for jury duty. Employees are to notify their supervisor of the amount received for such jury duty.

If an employee, upon reporting for jury duty in the morning, is dismissed from jury duty for the remainder of the day, the employee is to report for duty and resume duties for the balance of the day. When an employee is entirely dismissed from jury duty, the employee is directed to report for duty.

Employees are expected to promptly notify the employee's immediate supervisor of any other form of legal summons, which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the employee will be required to use available leave days.

Section 5 Military Leave

Employees who are members of the National Guard, Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve (hereinafter, "reserves"), are entitled to a military leave of absence from their respective duties, without loss of pay, when employed with or without pay under the orders or authorization of competent authority in the active service of the state or of the United States. Employees who normally work or are normally scheduled to work 120 hours or more in three consecutive weeks shall receive a military leave of absence of 120 hours each calendar year. Employees who normally work or are normally scheduled to work less than 120 hours in three consecutive weeks shall receive a military leave of absence each calendar year equal to the number of hours they normally work or would normally be scheduled to work, whichever is greater, in three consecutive weeks. Such military leave of absence may be taken in hourly increments and shall be in addition to the employee's regular annual leave.

When the governor of this state shall declare that a state of emergency exists, and any employee who is a member of the reserves is ordered to active service of the state, the employee shall be granted a state of emergency leave of absence until released from active service by competent authority. The leave of absence shall not be a military leave of absence; other forms of leave may be granted. The employee shall receive normal salary or compensation minus the state active duty base pay the employee receives in active service of the state.

Section 6 Family and Medical Leave Act

The Department of Labor has amended the Family and Medical Leave Act (FMLA) regulations effective on January 16, 2009. One of the changes involves the content of the general notice to be given to employees concerning rights and responsibilities under the FMLA.

The general notice information is to be included in employee handbooks. As such, we are providing the following information as an addendum to the District's existing employee handbooks.

Employee Rights and Responsibilities under the Family and Medical Leave Act

Family and medical leaves shall be allowed under the terms and conditions of the Family and Medical Leave Act of 1993, as amended (FMLA).

Basic Leave Entitlement. FMLA provides up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for your child after birth, or placement for adoption or foster care;
- To care for your spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes you unable to perform your job.

The "leave year" for purposes of the FMLA is a "rolling" 12-month period, measured backward from the date of any FMLA leave usage.

Military Leave Entitlement. Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections. During FMLA leave, your health coverage under a "group health plan" will be maintained on the same terms as if you had continued to work. Upon return from FMLA leave, most employees must be restored to their original or an equivalent position with equivalent pay, benefits, and other employment terms.

Your use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of your FMLA leave.

Eligibility Requirements. You are eligible if you have been employed with Malcolm Public Schools for at least one year, for 1,250 hours over the previous 12 months, and if there are at least 50 employees of Malcolm Public Schools within 75 miles of your work location.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents you from performing the functions of your job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave. You do not need to use FMLA leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. You must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the District's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. You may choose or Malcolm Public Schools may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, you must comply with the District's normal paid leave policies.

Employee Responsibilities. You must provide sufficient information for the District to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that you are unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. You also must inform the District if the requested leave is for a reason for which FMLA leave was previously taken or certified. You also may be required to provide a certification and periodic re-certification supporting the need for leave.

Employer Responsibilities. The District must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the District must provide a reason for the ineligibility.

The District must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the District determines that the leave is not FMLA-protected, the District must notify the employee.

Unlawful Acts by Employers. FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

Article 4 – DUTIES AND RESPONSIBILITIES

Section 1 Hours of Work

Regular, dependable attendance at work is an essential function of a classified employee's employment position.

Section 2 Arrival to Duty Assignments

Schools have differing starting and ending times for the student day. Classified employees' work assignments may or may not be related to the regular school day. Classified employees are expected to know their duty dates and times, and to be on time for work.

Section 3 Leaving School

Employees are to be on duty at all times during the assigned workday. Employees may not leave school or their assigned area during duty hours without approval of the Supervisor and notifying the Building Principal. Employees who leave the school during their designated lunch period must check out with the Principal's office. Employees who leave during their work hours for an approved absence must check out with the Principal's office or their supervisor when leaving, and check back in upon return. Employees who need to leave during the school day for reason of illness or emergency are to check out with the Principal's office or their supervisor and make sure that a responsible person has been notified of their unexpected absence so work coverage may be provided.

Section 2 School Procedures

Employees are expected to adhere to the following classroom and school procedures in the performance of their duties:

1. Use of Cell Phones

Employees shall not use personal cell phones for any non-school purpose during duty time.

2. Checking Out of Equipment

All equipment must be checked out through the building principal. All school equipment may be used only for school purposes.

3. Requisition of Equipment and Supplies

Equipment and supplies, which are needed for work duties, should be requested through the Principal's office. No equipment or supplies ordered through the District may be directed to the personal use of an employee or another District employee.

4. E-mail

Employees may be assigned a school e-mail address for purposes of intra-school and inter-school e-mail correspondence. Employees should check for e-mail through out the day, and should timely respond to e-mails, which require a response. Para educators and other staff assigned to work with students should avoid checking and responding to e-mails during instructional or supervisory time. Use of the District's e-mail system for personal communications should be limited, and is subject to the rules governing overall computer usage found in Board policy and this handbook.

5. Employee Mail Box

Employees may be assigned a mailbox located in either the elementary or high school. Employees should check for mail each morning and also later in the school day, if possible. If something requires an answer employees are responsible for responding promptly. Employee mailboxes are to be limited to communicate regarding school business.

6. Record Keeping

Duties of classified employees often involve keeping detailed records. Make sure to complete these records as directed by your supervisor.

7. Employees Meetings

If an employees' meeting is called, **ALL** employees are expected to be present for the meetings, unless they are absent from school for good cause or have made prior arrangements.

Section 3 Supervision of Students

Proper supervision of students is an important responsibility for employees. Employees who have responsibilities for student supervision are expected to meet the four "P's" for student supervision and safety. All employees of the school should be familiar with these principles, to the extent they may be involved in supervision of students or interacting with students.

Proper Supervision

- Report to all duty assignments on time.

- Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
- Be vigilant while supervising students. Never leave students unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave students who you are supervising, request that another nearby staff member provide supervision for you, or notify the office so someone can provide assistance. If you are assisting with recess duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.
- Be accountable for students who are assigned to you from the beginning of the supervision assignment to the end. Do not dismiss students early. If a student needs to leave class, make sure they have a hall pass. If the student is to report to the office, inform the office to be expecting the student. If the student is to be returning to your class after a brief absence (e.g., after using the restroom), contact the office if the student has not returned by the time expected.
- If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about students except with other staff who need to know the information to perform their jobs).
- Be careful with touching students. Use of corporal punishment is prohibited in our school district. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and that which professional educators determine appropriate for purposes of proper student relationships.
- Be careful with your language. You should not use profanity or abusive language. Be a good role model for students. If a student uses such language, you should make a report to the student's teacher or administration.

2. Proper Instructions

- A. Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
- B. Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.
- C. When you go over safety rules with students note it in your written records. If any students are absent when you review the rules contact the student(s) to review the same information and also note that contact in your written records.

3. Proper Maintenance of Buildings, Grounds, and Equipment

- A. Conduct periodic inspections of equipment under your control or in your area of supervision.

- B. If equipment is broken and presents a risk of injury, immediately take it out of service. If it can't be moved, tape a "Do Not Use" sign and notify the office so those repairs may be undertaken.
 - C. Check your communication device (whether it be a school phone in your supervision area, a walkie-talkie, or a cell phone) periodically to make sure you can communicate with the office immediately in the event of an emergency.
4. Proper Warnings
- A. If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students.
 - B. Tell the office so additional warnings may be given.

Contact the Office for Assistance The office administration should be contacted immediately when a situation exists which could cause injury to students or others. Examples include:

- student fight
 - student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.); if the office can not be immediately located, call 911 if the problem appears to be of immediate and serious concern
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

Violations of student rules, which are also violations of state law, are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

Student Searches. Office administration and the student's teacher should be contacted in the event a search of a student or their belongings is needed to be done. Do not conduct such a search yourself without a teacher or administrator being present or having given you clear directions. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

Student Rights. Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

Section 4 Role of Paraeducators

Paraeducators provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraeducator must not, however, assume teaching responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the paraeducator in a supportive role. Paraeducators may assist the teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculating and recording grades. Paraeducators are to work only on their assigned workdays and within their assigned workday. If a teacher requests a paraeducator to work hours other than the assigned work hours or assigned workday, the administration should be contacted for approval.

Section 5 Dispensing Medication

Employees are not permitted to give any medication to students unless trained under the Medication Aid Act. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol). If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school needs to be properly labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

Section 6 Reporting Child Abuse

Nebraska State Law and school policy mandates school officials to make a report to the proper law enforcement agency or the Department of Health and Human Services (Child Protective Services) when there is reasonable cause to believe that a child has been abused or neglected, or a child is in a situation, which would reasonably result in abuse or neglect. According to Nebraska State Law, abuse or neglect means knowingly, intentionally, or negligently causing or permitting a minor child to be:

- (a) Placed in a situation that endangers his or her life or physical or mental health;
- (b) Cruelly confined or cruelly punished;
- (c) Deprived of necessary food, clothing, shelter, or care;
- (d) Left unattended in a motor vehicle if such minor child is six years of age or younger;
- (e) Sexually abused; or

- (f) Sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Employees are to inform their principal or supervisor in the event they become aware of child abuse or neglect. Be as specific as possible with what, when, and where you observed the abuse or neglect and anything which you may have heard said by the student or others. It is vital that your report to school officials be made as accurately and as soon as possible. Timeliness in making a report will assist in minimizing further risk to the child

Do not talk about the matter directly with the parent or others, as that may violate confidentiality restrictions, affect the ability of authorities to investigate, create problems with relationships and create legal problems. The school administration will consider your information, conduct any further investigation needed to justify a report, and determine whether a report of child abuse or neglect is to be made. If the person who you have reported to does not make a report to the police or Child Protective Services, and you feel a report should be made, report the matter directly to the Superintendent.

Article 5 – PERSONAL CONDUCT AND PERFORMANCE

Section 1 Ethics Standards

The Malcolm Public School expects its classified employees to adhere to ethics standards, which are modified from those, established by the Nebraska Department of Education for certificated employees. The classified school employment job ethics standards, which classified employees, are expected to adhere to include those set forth below.

Principle I - Commitment as a School Employee:

Employees shall exhibit good moral character, maintain high standards of performance and promote equality of opportunity. In fulfillment of the employee's contractual and personal responsibilities, the employee:

- A. Shall not interfere with the exercise of political and citizenship rights and responsibilities of students, colleagues, parents, school patrons, or school board members.
- B. Shall not discriminate on the basis of race, color, creed, sex, marital status, age, national origin, ethnic background, or handicapping condition.
- C. Shall not use coercive means, or promise or provide special treatment to students, colleagues, school patrons, or school board members in order to influence personal decisions.
- D. Shall not make any fraudulent statement or fail to disclose a material fact for which the employee is responsible.
- E. Shall not exploit school relationships with students, colleagues, parents, school patrons, or school board members for personal gain or private advantage.

- H. Shall report to the Superintendent any known violation of paragraphs B or E above.
- I. Shall seek no reprisal against any individual who has reported a violation of this rule.

Principle II - Commitment to the Student:

Mindful that the employee's classified position exists for the purpose of serving the best interests of the school district's students and patrons, the classified employee shall perform his/her job duties with genuine interest, concern, and consideration for the student. The employee shall work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals. In fulfillment of the obligation to the student, the employee:

- A. Shall make reasonable effort to protect the student from conditions, which interfere with the learning process or are harmful to health or safety.
- B. Shall keep in confidence personally identifiable information that has been obtained in the course of employment, unless disclosure is approved by the administration or is required by law.
- C. Shall not discipline students using corporal punishment.

Principle III - Commitment to the Public:

The magnitude of the responsibility inherent in the education process requires dedication to the principles of our democratic heritage. The classified employee bears responsibility for instilling an understanding of the confidence in the rule of law, respect for individual freedom, and a responsibility to promote respect by the public for the integrity of the profession.

In fulfillment of the obligation to the public, the employee:

- A. Shall not misrepresent an institution with which the employee is affiliated, and shall take added precautions to distinguish between the employee's personal and institutional views.
- B. Shall not use institutional privileges for private gain or to promote political candidates, political issues, or partisan political activities.
- C. Shall neither offer nor accept gifts or favors that will impair judgment to be exercised in the course of employment.
- D. Shall support the principle of due process and protect the political, citizenship, and natural rights of all individuals.
- E. Shall not commit any act of moral turpitude, nor commit any felony under the laws of the United States or any state or territory.
- F. Shall, with reasonable diligence, attend to the duties of the employee's position.

Principle IV - Commitment to Classified Position Employment Practices:

The employee shall regard the employment agreement as a pledge to be executed both in spirit and in fact. The employee shall believe that sound personnel relationships with governing administration and board of education are built upon personal integrity, dignity, and mutual respect.

In fulfillment of the obligation to professional employment practices, the employee:

- A. Shall apply for, accept, offer, or assign a position or responsibility on the basis of preparation and legal qualifications.
- B. Shall not knowingly withhold information regarding a position from an applicant or employer, or misrepresent an assignment or conditions of employment.
- C. Shall give prompt notice to the employer of any change in availability of service.
- D. Shall conduct job related business through designated procedures, when available, that have been approved by the employing agency.
- E. Shall not assign to unqualified personnel, tasks for which an employee is responsible.
- F. Shall permit no commercial or personal exploitation of his or her professional position.
- G. Shall use time on duty and leave time for the purpose for which intended.

Section 2 Evaluations

Evaluations of employees will be conducted in accordance with the Board policy. Supervisors have the right to observe, appraise or evaluate employees more frequently than required by policy on an as-needed basis. Employees are expected to participate constructively and positively in the evaluation process and to accept and implement constructive suggestions and improvement strategies developed by the administration.

Section 3 Role Model

Employees serve as role models for students and their actions and conduct reflect on the school as a whole. Employees are in all respects to conduct themselves in a manner supportive of the mission of the school.

Section 4 Relationships

It is important for employees to maintain an effective working relationship with the administration, co-workers, students and parents. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties or gossiping or spreading rumors about others.

Section 5 Professional Attire

It is important for employees to project a responsible, adult image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting such an image. Employees are expected to maintain conservative attire and grooming when on duty. As a minimal guide, employees should not wear clothing which students would not be permitted to wear at school. Employees should wear clothing, which is safe and suitable for

their work assignments; and avoid clothing that may be caught in machinery. The administration may establish more detailed guidelines for individual employees should that be necessary.

Section 6 Outside Employment

Employees shall not perform other work or engage in activities unrelated to District employment during duty hours. In addition, employees shall not engage in employment which conflicts with their school duties. Employees are not required to notify the District of outside employment except: (1) employees who are also employed by another Nebraska school district in order to comply with Nebraska State Retirement System regulations and (2) employees who have a work-related injury in order to comply with workers' compensation requirements.

Section 7 Board Policy: 4024 -- Professional Boundaries Between Employees and Students

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, e-mailing a message about a student's grades).
- Engaging in social-networking friendships with a student on MySpace, Facebook, or other social networking site. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance - verbal, written, or physical - towards a student
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).
- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.

- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of family relationships between employees and their children who are students in the District.

Article 6 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the work place. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint or any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while employees are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on an employee in the work place or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, employees are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the employee commits a criminal drug or alcohol offense off the work place or off duty time.

As a condition of employment employees will abide by the District's drug-free workplace policies and notify the Superintendent of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction. Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed for violations of the District's drug-free workplace policies. Sanctions may include the requirement that the employee complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

Section 2 Smoke and Tobacco-Free Workplace

The use of tobacco products in the District's buildings and in all owned or leased facilities and vehicles is prohibited.

Policy:

The use of tobacco products is prohibited on the entire district campus and in all school vehicles. For purposes of this policy, tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect.

Section 3 Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any employee found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- a. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;
- b. The frame or receiver of any object described in the preceding example;
- c. Any firearm muffler or silencer;
- d. Any explosive, incendiary or gas (a) bomb, (b) grenade, (c) rocket, (d) missile, (e) mine, or similar device;
- e. Any bludgeon, sandclub, metal knuckles, or throwing star;
- f. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocketknife with a blade of 2-1/2 inches or more is a prohibited weapon. A switchblade knife is prohibited regardless of size of the blade. A switchblade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
- g. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun; and
- h. An employee may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than are typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. An employee who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.

- i. An employee may possess an item which may be considered a weapon where such item is used for instructional purposes and the employee has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.
- j. Any other objects that are designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in an employee's personal possession, as well as in an employee's motor vehicle, desk, locker, briefcase, backpack, or purse.

Section 4 Use of District Computer Network and Internet

Employees have access to the District's computer network and the Internet for the enhancement and support of student instruction and performance of their duties. It is important to remember that the equipment and the software are the property of the school district. In using the computers and the Internet, employees are agreeing to the following:

1. Since copyright laws protect software, employees will not make unauthorized copies of software found on school computers by any means. Employees will not give, lend, or sell copies of software to others unless the original software is clearly identified as shareware or in the public domain.
2. If an employee downloads public domain programs for personal use or non-commercially redistributes a public domain program, the employee assumes all risks regarding the determination of whether a program is in the public domain.
3. Employees shall not access material that is obscene, child pornography or otherwise inappropriate matter for educational or work-related uses or contrary to the District's mission. Employees are not permitted to knowingly access information that is profane, obscene or offensive toward a group or individual based upon race, gender, national origin or religion. Further, employees are prohibited from placing such information on the Internet.
4. Employees will protect the privacy of other computer users' areas by not accessing their passwords without written permission. Employees will not copy, change, read, or use another person's files. Employees will not engage in "hacking" or otherwise attempt to gain unauthorized access to system programs or computer equipment.
5. Employees will not use computer systems to disturb or harass other computer users by sending unwanted mail or by other means.
6. Employees will not disclose their passwords and account names to anyone or attempt to ascertain or use anyone else's password and account name.
7. Employees will not attempt to login to the system as a system administrator.
8. Employees understand that the intended use of all computer equipment is to meet instructional objectives.
9. Employees will not waste or take supplies, such as paper, printer ribbons, toner, and diskettes that are provided by the District.

10. Employees will not use the network for financial gain or for any commercial or illegal activity.
11. Attempts to bypass security systems on computer workstations or servers, or vandalism will result in cancellation of privileges and may result in further consequences. Malicious attempts to harm or destroy data of another employee, or data that resides anywhere on the network or on the Internet, or the uploading or creation of computer viruses are forbidden.
12. The District will not be responsible for any liabilities, costs, expenses, or purchases incurred by the use of the District's telecommunications systems such as the Internet. This includes, but is not limited to, the purchase of on line services or products. The employee is solely responsible for any such charges. The employee's acceptance of an email account is an acceptance of the employee's agreement to indemnify the District for any expenses, including legal fees, arising out of the employee's use of the system in violation of the agreement.
13. The Internet will be supplied for your use on an "as is, as available" basis. The District does not imply or expressly warrant that any information you access will be valuable or fit for a particular purpose or that the system will operate error free.

15. The District reserves the right to refuse posting of files, and to remove files.
16. The District further reserves the right to inspect an employee's computer and computer usage at any time. Employees have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet system.
17. The computer system is not a public forum. It is provided for the limited purpose of advancing the District's mission.
18. A technology protection measure is in place that blocks and/or filters Internet access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate. The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed district training by the on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of a building administrator. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

Any violation of any part of this agreement or any other activity which school administrators deem inappropriate will be subject to disciplinary action. Discipline could include but would not be limited to, the immediate suspension or termination of the employee's Internet account and computer privileges, reprimand, suspension, or termination.

Section 5 Use of School Facilities

Employees who are issued keys to the school are expected to not lose their keys and to not allow others to have access to or to use their keys. Employees are permitted to have access to school facilities during non-school time provided your Principal or supervisor has given permission and such access is for work-related purposes. When employees leave the building, they are to close all windows, lock doors, and make sure that the entry door is fully closed and locked. This is especially important when employees are using the school facilities prior to the beginning of the school year and during any weekend or evening usage.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.), and school postage is to be used for approved school-related purposes only. Surplus supplies or equipment, including items that have been placed in the trash, should not be removed for non-school use without the approval of the administration.

Section 6 Care of School Property

Employees are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student or staff member has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 7 Use of Telephone

Personal telephone calls shall not be made during duty time except in the event of an emergency. Long distance calls on school telephones must be made from the office. You will need to promptly log long distance calls and be responsible for any charges, which are for personal use.

Section 8 Visitors

Employees are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the employee. Visitors should follow posted procedures for being on school property. Employees are not to bring their children to school with them in lieu of taking them to childcare.

Section 9 Salespersons

Employees need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the employee while engaged in the employee's duties except for such times as may be designated by the Superintendent or designee.

Employees shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Employees shall not use time for which the employee is on duty or paid by the District to engage in any activity

for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 10 Security of Desks and Lockers

Offices, employee desks, lockers, file cabinets and other such storage devices (“storage devices”) are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a non-investigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items an employee wants to have kept private should be kept in a separate personal storage device, such as a brief case, purse or backpack.

The District is not responsible for any personal property employees may bring to school. Employees are cautioned not to bring large amounts of money or items of significant value to school.

Section 11 Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in school district locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the employee or other building user and may also be provided to law enforcement agencies.

Section 12 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal’s office. Posters are not to be attached to any painted wall surfaces. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 13 Copyright and Fair Use Policy

It is the school’s policy to follow the federal copyright law. Employees are reminded that, when using school equipment, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright

extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The “fair use” doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the “fair use” of a copyrighted work, including reproduction “for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research” is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted “fair use,” rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Employees should seek assistance from their immediate supervisor or the Principal if there are any questions regarding what may be copied.

Section 14 Lost and Found

Employees who find lost articles are asked to take them to the office, where the owner can claim the articles.

Section 15 Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan, which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Employees are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. Representatives appointed by the administration serve on the committee. If you have a desire to serve on the committee, you should contact your supervisor or the Superintendent. Employees can make suggestions and/or report concerns to the safety committee by contacting a member of the safety committee or the Superintendent.

Safety Practices

Guidelines for safe work practices, which employees should follow, include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).

3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects beyond your physical abilities. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, dipping cookies, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc.

Do not engage in “horseplay.” Such conduct is a common cause of injuries and is not consistent with job duties.

As required by law, approved safety glasses will be required of every student and employee while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Use of Personal Vehicles

Employees who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Employees will be provided a Driver's Certification form to verify this information and to be given instruction on emergency evacuation and first aid. Employees who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Employees are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident that results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the employee responsible for the student either as employee, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the employee, the employee is also responsible for making a report.

Workers Compensation

Employees are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

Preventing Harassment and Discrimination. Purpose: Malcolm Public School is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, employees, co-workers, students or other persons is prohibited. In addition, the Malcolm Public School will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, national origin, gender, marital status, disability, religion or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment. Sexual harassment may exist when:

- Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;
- Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time;
- The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, classroom or educational environment.
- Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom employee. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or employee, or if the supervisor or employee is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Malcolm Public Schools. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Malcolm Board of Education.

The supervisor, employee or the Superintendent will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be

permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Grievance Procedure for Persons with a Disability

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act address discrimination, harassment or failure to provide reasonable accommodations to persons with a disability. The following grievance procedure shall be used for resolution of complaints of alleged violations of the ADA or Section 504:

1. Complaints shall be filed with the ADA and Section 504 Coordinator. Complaints shall be made in writing, unless the Complainant's disability prevents such, in which event the Complaint can be made verbally.
2. Complaints shall set forth: (a) the name of the Complainant, (b) the address and telephone number or other such information sufficient to enable the Coordinator to contact the Complainant, (c) a brief description of the alleged violation, and (d) the relief requested by the Complainant.
3. Complaints shall be investigated by the Coordinator or the Coordinator's designee. Investigations shall be thorough, but informal, and the Complainant shall be given a full opportunity to submit evidence relevant to the complaint.
4. The Coordinator shall make a decision on the Complaint within thirty (30) days of the filing of the Complaint, unless such time period is extended by agreement of the Complainant. The decision shall be made in writing, shall set forth the Coordinator's proposed resolution of the Complaint, and shall be forwarded to the Complainant.
5. The Complainant shall have ten (10) days from the date the Coordinator's decision is sent to the Complainant to accept or reject the Coordinator's proposed resolution, and shall be deemed to have accepted the proposed resolution unless the Complainant rejects the proposed resolution within such time period. In the event the Complainant rejects the proposed resolution, the Complainant shall be given the opportunity to file a request for reconsideration within the ten (10) days from the date the Coordinator's decision is sent to the Complainant. The request for reconsideration shall be filed with the Coordinator. The Coordinator shall consider any additional information provided in the request for reconsideration and make a decision on the request for reconsideration within 10 (ten) days after the request for reconsideration was filed.

Section 5 Confidentiality Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) gives parents and students over 18 years of age rights of access and confidentiality with respect to education records.

Employees are expected to provide access rights and maintain the confidentiality of education records in accordance with FERPA and Board policy. Further information about FERPA and the District's policies under FERPA are found in Board policy and in the student handbook.

Section 6. Breakfast and Lunch Programs

The District participates in the National School Lunch Program. Employees are expected to keep information about the participation of students in the (free or reduced) program confidential.

Section 7. Confidentiality of Protected Health Information

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. The District designates the Superintendent as its HIPAA privacy officer. Student and employee records containing PHI shall be accessible only to those who require such information to carry out their duties.
