Health Screenings:

Malcolm Public Schools will be doing health screenings at the end of January 2018. Screenings include hearing, eye, dental, height, and weight. So if your child has been to the dentist, eye doctor, or pediatrician since May 2017 or plans to attend over the holiday break, please provide a copy of the document of record to April Faubion in the Health office. If you have already turned in any of these documents either at the beginning of the year or throughout the first semester for sports or admission, then they will be able to opt out of screenings. Most doctor and dentist offices are familiar with this request and have a form similar to a physical form. Screenings will take place for Kindergarten through 4th grade, 7th grade, and 10th grade.

And no worries if your child does not visit these doctors on an annual basis, we will perform the screenings at school and let you know the results. Please contact April Faubion with any questions or concerns, at [402-796-2151](tel:402-796-2151) and april.faubion@mps148.org
