The Nebraska Student-Centered Assessment System (NSCAS) scores for 3rd-8th grade for the 2017-2018 school year will be mailed home next week. This is the new state assessment that was given last spring and the company had a few difficulties getting the information calculated but it's finally finished. If you have any questions you can contact the elementary office or your child's teacher.

The NSCAS assessments are developed specifically for Nebraska to provide educators, students, and parents with an assessment of student progress on the Nebraska College and Career Ready Standards in English Language Arts and Math and the Nebraska Legacy Standards in Science.

If you haven't returned your Playground Fundraiser packet please do so ASAP.

Malcolm Public School's Mission:

In partnership with our community, we will provide an educational experience that maximizes the potential of each student to become a productive and responsible citizen.

All PreK-6 Students need to bring a heavy winter coat, hat, and gloves to school every day. We will go outside for recess if the temperature is above 15 degrees.
